UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION VMEMORANDUM

DATE: 26 December 1991

SUBJECT: The Timken Company - F-1 In Compliance

FROM: Pamela J. Schafer, Chief
Emergency Support Section 

TO: Kathleen Power

The F-1 boilerplate for this Company needs to be amended to reflect the fact that there were **four** facilities inspected, with **four** SPCC Plans. (This can count as four inspections, by the way.)

Include copies of the 4 Plans with the case so they can be examined before the letter is signed saying they conform to the regs. The inspection says that the Plans are "not all up to date". What does that refer to? Highlight any problems in your letter.
